WEATHER PROBABILITIES.—For this section, fair, continued cold today; Tuesday fair with rising temperature; fresh north to west winds.

DEATH OF MR. CHAUNCEY.—Mr. William Chauncey died at his residence on Fairfax street, between Gibson and Franklin, at 2 o'clock this morning, after a long illness from pulmonary disease which he had borne with remarkable patience and Christian fortitude. The deceased was 66 years old. He was a brother of Messrs. John and Joseph Chauncey and was born in Alexandria. While a boy he was apprenticed to a stone mason, and by diligence and mechanical instincts was a master workman by the time he reached manhood. In early life he embarked in business for himself, and by diligence in his calling and enjoying the confidence of all with whom he came in contact he prospered and built up a thriving business. In politics he was a conservative, and took but little interest in local issues. About twenty years ago he was a member of the Common Council from the First ward, but refused to stand for reelection. After laying aside public duties he devoted the remainder of his life to his calling. He was domestic in his habits and generally spent most of the time he was not in his shop with his family. Mr. Chauncey had for the past quarter of a century been a member of Trinity M. E. Church, and had ever endeavored to lead a life consistent with his convictions. He was a member of And. W. Jackson Lodge of Masons. Besides a widow, Mr. Chauncey leaves five children—two sons and three daughters—all at home.

THE ALEXANDRIA GAG.—A Washington paper says: "It's a wonder to me," said a man who sells tickets in the box office of a variety theater, "that a bunch of about 450 men from Alexandria, Va., don't come out to this house in a body some night, each one of 'em carrying about four bare eggs in his pockets, and I do some business. I don't believe there's a town on earth that's so perpetually at the disposal of the variety theater as Alexandria. About 400 of 'em have in a gag at every performance about Alexandria, and then they look up at the galleries and wait for the mirth. The mirth isn't forthcoming to any large extent any more, for the men of this town who take in the variety theaters long ago grew weary of the cheap gags at the expense of Alexandria. Still, the gags are still going ahead, and in my opinion it would be a real enjoyable diversion if a large push of Alexandrians would play a little game of hen-furt that had been better days on a few of 'em."

THE ROUTE TO WASHINGTON.—The engineers of the Seaboard have been for some time at work on the route to be followed between Richmond and Washington and three routes, have been suggested. The new routes are for removed from the Richmond, Fredericksburg and Potomac, and open up to Richmond a country which has long since been without railroad facilities. It is proposed to cross the Potomac many miles below Washington (probably near King George county) and at least half of the trip between Richmond and Washington over the Seaboard will be through Maryland. The Baltimore and Ohio has the right to construct a bridge across the Potomac, and if the Seaboard makes arrangements with the Baltimore and Ohio and have herself of this privilege she can connect with the Baltimore and Ohio near the Potomac, and enter Washington without congressional permission.—[Richmond Dispatch.

KNIGHTS OF MALTA.—A very enthusiastic meeting was held yesterday afternoon in Old Fellows' Hall under the auspices of the Ancient and Illustr. Order, Knights of Malta, the following named Sir Knights of the order were present, and made addresses: Joe, S. Dewey, A. E. Wilson, Josiah Millard, Joe, T. Hensley, A. W. Conwell, C. B. Shafter and Past Grand Commander J. F. May. After these speakers had rested in a social way conversing with those present a list of those interested was taken and it was ascertained that fourteen were ready to become members of the order. This organization will meet again on next Sunday afternoon in the Jr. O. U. A. M. Hall, on Fairfax street near King, at 7 o'clock, and it is expected that a large crowd will be out to hear the principles of Maltese explained.

YESTERDAY.—The weather yesterday was cloudy, raw and threatening with snow in the evening and at night. The churches in the morning were fairly well attended, but at night the congregations were slim. Rev. S. S. Laws preached at the Presbyterian Church, Rev. Dr. Lipscomb at the Baptist Church, Rev. S. A. Wallis at Trinity Methodist Episcopal Church. The pulpits of the other churches were occupied by the resident clergy.

OPERA HOUSE.—The attraction at the Opera House tonight will be Mr. Thos. E. Shea and his clever company in his great success of the past three seasons the "Man-O-War-Man." This play has been presented in all of the large cities, and is without doubt the greatest naval drama ever written. The play is embellished with special scenery and special effects. A carload of scenery arrived this morning and everything is now in readiness for an elaborate presentation of the drama.

COUNTY NOTES.—The County Supervisors met today, but the only business transacted was the auditing of some accounts. All the important business, including the Alexandria turnpike matter, was continued on account of the indisposition of Commonwealth's Attorney Johnson.

Mr. C. H. Smith has been appointed on the electoral board for Jefferson district in the place of Dr. D. N. Rust.

Mr. B. Smith, Butternut, Mich., says, "Dr. Williams' Little Early Risers are the very best pills ever used for constiveness, liver and bowal troubles."

PERSONAL.—Mr. Bonny Clark, of St. Mary's county, Md., accompanied by his sister Miss Time visited friends in this city yesterday.

Mr. Purvis and her daughter, Mrs. C. S. Taylor, have returned from Mobile, their old home, where they went to attend the Mardi Gras.

Mr. Samuel Schwarz and his sister, Miss Edith Schwarz, left yesterday for a visit to Atlantic City, Philadelphia and New York.

Mr. Lewis F. Hoy, of New York, is visiting his parents on north Washington street.

Mr. W. H. Steuergel, now of Philadelphia, was in the city today. Among the members of the legislature who went to Cuba was Mr. Theo. Picher, of Cuyahoga.

THE WEATHER.—Winter returned in earnest yesterday and in the evening a genuine snow storm set in and continued till well into the night. At first the snow melted as fast as it fell but as night set in, and the temperature lowered, the earth soon became covered and so remained till nearly noon today by which time the sun's rays had melted most of it. The temperature last night fell to about 20 degrees and had risen to about 38 degrees in the shade at 12 o'clock today, but in the sun the temperature was much higher. The weather bureau predicts warmer weather for tomorrow. Today is the anniversary of the great blizzard of March, 1858.

RIVER IMPROVEMENTS.—Col. Allen, the engineer officer in charge of the improvement to the Potomac river, reports to the War Department that dredging operations in the Virginia channel opposite Washington which were suspended by Contractor A. M. Clegg September 10 last, will probably be resumed this month if the dredge used in the work, which sank in the channel last month, can be repaired in time. He says it is also probable that dredging operations will begin in the shallow parts of the Potomac river below the city of Washington under the contract made with Rittenhouse Moore, of Alabama.

CANDIDATES.—Of the four State officials for this city to be chosen next May three have opponents. Mr. William E. Fendall has announced himself in opposition to Mr. John S. Beach, clerk of the court. Mr. Thomas W. Robinson, opposing Mr. E. H. Harvey, for City Treasurer, and Mr. F. C. Spinks, Jr., opposing Capt. William H. Smith for City Sergeant, have been for some days in the field. Mr. Leonard Marbury, Commonwealth's Attorney, has no opposition.

A. O. H.—The Hibernians met yesterday evening and made arrangements for the banquet to be held on Friday evening next (St. Patrick's Day) falling on Saturday and that being an inconvenient day for the celebration. Rev. T. J. Sheehan, of the Catholic University, will be the principal speaker.

A meeting of the Alexandria Baseball Club will be held tomorrow night. Important business will be transacted and all the members are requested to be present.

The Best Prescription for Chills and Fever is a bottle of GROVE'S TASTELESS CHILL TONIC. It is simply iron and quinine in a tasteless form. No cure—no pay. 50c.

"I used Kodol Dyspepsia Cure in my family with wonderful results. It gives immediate relief, is pleasant to take and is truly the dyspeptic's best friend," says E. Hartig, of Liverpool, Mich. Digest what you eat. Can't not fail to cure.

Mr. Sarah J. Langolf, wife of Mr. E. J. Langolf, died at her home on north Henry street, on Saturday night, aged 57 years. Her funeral will take place from St. Mary's Church on Wednesday morning.

Owing to a typographical error, the lines published in Saturday's issue were headed "The Latest Experience" instead of "The Latest Experience" as it should be. The "Chain" craze, going around among the women all over the country. No cases are reported (at least as yet, though it is said some have been).

Mr. Henry J. Kintz, who was in the Washington court on Saturday charged with having obtained money from A. H. Colver, states that the affair is the result of a sale of timber growing on land in Westmoreland county. Mr. Kintz was not held for the grand jury, and the hearing of the case will be held next Monday in the Washington police court.

A meeting of the Agricultural and Industrial Fair Association of Northern Virginia will be called at an early date, when the legislative committee will present the charter of the association, as granted by the legislature of Virginia on Thursday last. The charter, as granted, differs materially from the one presented in that the provision allowing horse racing and book making was cut out and this may break up the proposed fair.

Prevented a Tragedy.

Timely information given by Mrs. George Long, of New Straitsville, and saved prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of Pneumonia.
